REPLY TO NOTICE TO FILE MISSING PARTS

Hon. Commissioner for Patents
Washington, D.C. 20231

Sir:

Further to the Notice to File Missing Parts mailed June 8, 2001, Applicants note that an inventor's declaration and a preliminary amendment entering paper and computer readable copies of the sequence listing were submitted on May 2, 2001. A copy of the Notice is attached.

Please confirm receipt of the declaration and sequence listing. If they have been lost by the U.S. Patent and Trademark Office, however, Applicants will submit copies of the submission of May 2, 2001 including its date-stamped receipt showing those papers were submitted. The required statements with respect to "no new matter" and the contents being the same were made in the preliminary amendment.

Therefore, Applicants submit that they have complied with the requirements for patent applications containing nucleotide and/or amino acid sequence disclosures. Alternatively, if the sequence listing does not comply with 37 CFR §1.821 et seq., return of an error report is respectfully requested in order to allow compliance.

Finally, Applicant respectfully request that the references submitted with the Information Disclosure Statement on June 7, 2001 should be considered by the Examiner.

Applicants urge that the claims are in condition for examination and earnestly solicit an early Action on the merits. The Examiner is invited to contact the undersigned if any further information is needed.

Respectfully submitted,
Intellectual Property Group of
